Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 02 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers or longer spells rain in the east overnight. Cool.

This Evening and Tonight:
Becoming increasingly cloudy through this evening and overnight with showers merging into longer spells of rain, which will move southwards, mainly along coastal areas. However, there will be some drier and clearer spells developing further inland. Rather cool. Minimum temperature 2 deg C (36 deg F).

Wednesday:
A rather showery day on Wednesday especially across eastern coastal parts. Drier and brighter further inland. Remaining rather cool in the freshening northerly breeze, especially along the coasts. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
A showery start on Thursday, especially along the coasts, drier and brighter later. Bands of cloud and light rain at times Friday and Saturday as winds become westerly. Becoming cold.
